

Multicultural Resources

This bibliography is not the definitive list of multicultural materials. There are a great many other excellent items available. Failure to be included on this list does not imply that an item is not worthwhile; it may simply be one we're not familiar with.

This multicultural bibliography is arranged in sections. Within each section, entries are arranged alphabetically by title. Only titles available for purchase have been included. Titles that contain a call number are available for checkout from the Lake County Educational Services Media Center. Items circulate for two-weeks to Lake County teachers and administrators. The Media Center also circulates excellent software titles that are currently out of print. Call 847-223-3400 ext. 232 for a list of the out of print titles.
