Nominees should be exceptionally skillful and dedicated individuals in any regional school, pre-kindergarten through grade 12+, who are planning to continue in an **active** role in education. Nominations should be made without regard to age, sex, race, religion, or education position. Nominees should have the respect and admiration of students, parents, co-workers, and community members. They should play active and engaging roles in their communities as well as in the schools; distinguishing themselves as leaders and role models. Their most important quality should be their superior ability to inspire the love of learning in students and adults of all backgrounds and abilities.

It is expected that nominations will be a joint effort of teachers and administrators. A cooperative effort will strengthen this program, which is designed to honor outstanding members of the profession and promote awareness of the quality education being provided in our schools across Lake County.
